

How to find your way to EDGE Environmental Geosciences

Arriving at Vienna International Airport

There are suburban trains (**S**), the City Airport Train (**CAT**) and buses running between Vienna city and the airport.

The suburban train line **S7 and S2** is the cheapest option and leaves from the train station below Terminal 3. The baggage claim, arrival hall and exit is located in Terminal 3. The easiest way is to turn left when you leave customs, then follow the train-signs.

Take the **S2 or S7** train in the **direction “Wien Meidling or Wien Floridsdorf - via city center”** which leave every 30 min. at **XX:19 and XX:49**. Tickets from the machine for 4.20 € are valid to any destination in the city center (**including subway ride**). After turning left after customs the vending machines are located in the entrance hall in front of the escalators leading down to the train tracks. There are also vending machines located directly on the platforms.

Alternatively, you may take the **City Airport Train (CAT)** which operates every 30 min. at **XX:07 and XX:37** between the airport and „**Wien Mitte - Landstraße**“. For this train you need a special ticket (€ 12 one way) plus an additional ticket for the public transport in Vienna (2.40 €) which you may buy from the green CAT vending machines or at the station „Wien Mitte - Landstraße“, this train is convenient, but not much faster than the suburban train S7.

For all train lines change at the station **“Wien Mitte – Landstraße”** to subway **U4 direction “Heiligenstadt”**, leave at the station **“Spittelau”** and leave the station towards the end of your train. Then follow the map below.

There are also regional trains and long distance trains running from the airport to Vienna Central Station **“Hauptbahnhof”**. The Central Station is not to be confused with **“Wien – Mitte”** or **“via city center”**. The Central Station is located in the south of Vienna, connected by U1 to **“Schwedenplatz”** where you need to change to subway U4 to station **“Spittelau”** or take the tram D directly to our campus. See below **“Arriving at Hauptbahnhof”**.

There are several buses (Vienna Airport Line – VAL) running between the airport and the stations **“Schwedenplatz”** which offers connections to the subways U4 and U1 and several tramlines and **“Westbahnhof”**, see below.

If you prefer a taxi, please search for the taxi counters in the entrance hall, 40 m to the left when you leave customs, e.g. 40100 or airport driver. They offer trips at a fixed rate (~ 36 €) to all destinations in town. The taxis at the stands outside are metered and you should expect ~ € 45 - 50.

Arriving at “Westbahnhof”

Take the subway U6 direction **„Floridsdorf“**. Leave at the station **„Spittelau“**. Walk towards the University Center (UZA) while you see the huge **„Hundertwasser“** waste incineration plant on your left side. Follow the map below.

Arriving at Central Station “Hauptbahnhof”

Take the tram **„D“** direction **„Nußdorf“** and enjoy your ride along the famous buildings on the inner **“Ringstraße”**. After 29 minutes exit at **„Liechtenwerder Platz“** (barrier-free) and follow the description and map below. Another possibility is to exit at the station **“Althanstraße”**. Please follow the map below.

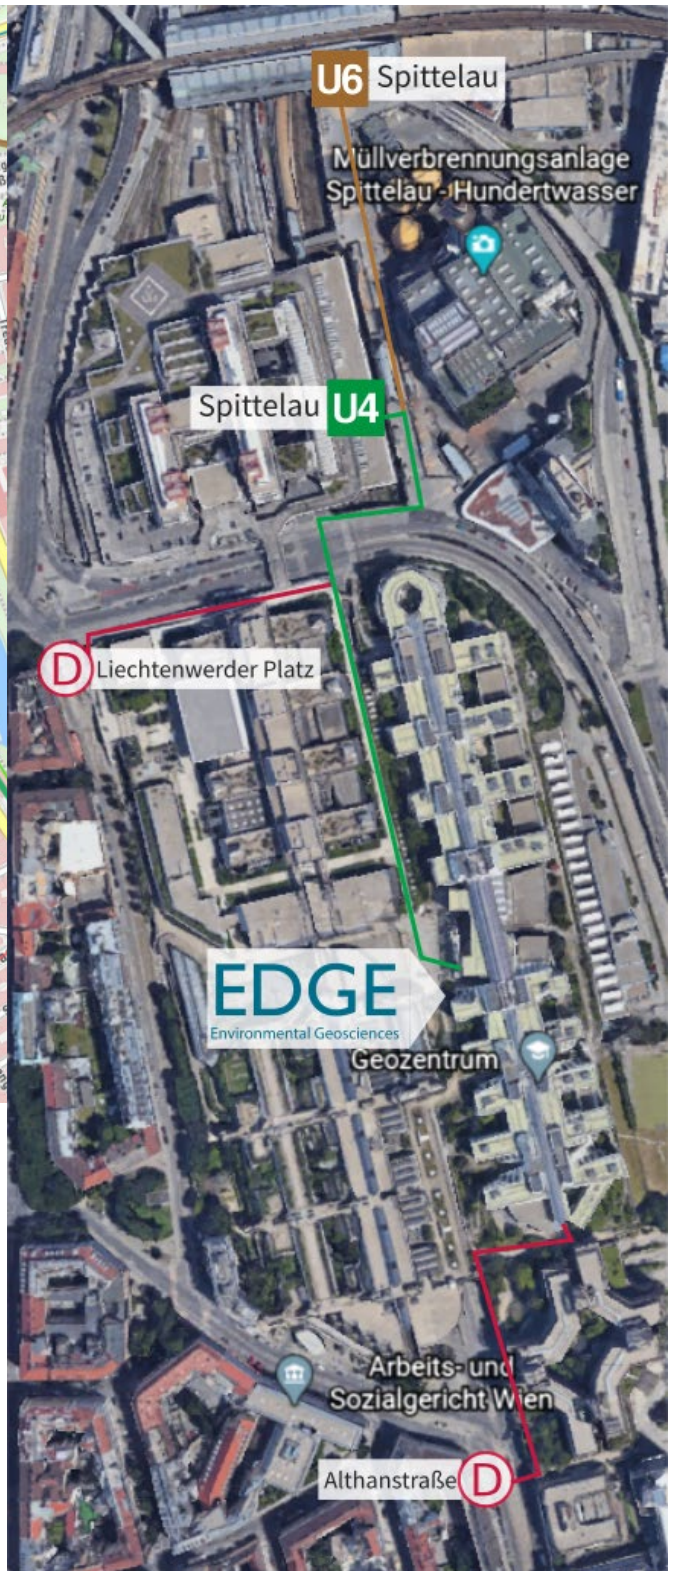

Exit Liechtenwerder Platz (barrier-free):

If you exit the tram, go straight ahead along the street and walk up the ramp until you reach the stairs. Then turn right and follow the path until you see the entry of UZA2 (picture on the next page (“**Entrance C**”).

Exit Althanstraße:

If you exit the tram, you will see stairs (and an elevator) right in front of you (next to the post-office). Take the stairs, turn left and follow the pathway straight ahead. When you reach the end, turn right and you will see the entrance. There is a picture of the entrance on the next page (“**Entrance A**”).

Address:

Universitätszentrum 2 (UZA2)
Geozentrum (white building)
Josef-Holaubek-Platz 2, 1090 Wien

Staircase „C“ (building has A to H with Z in the center): Level 4

Room 2C407: Thilo Hofmann
Room 2C408: Administrative Office (dial code: “53301” or “53302”)

Staircase „B“: Level 1

Room 2C186: Stephan Krämer

Geozentrum

Alle Ebenen:

- Depots, Labors
- Seminarraum

Ebene 5 (3.OG)

- Inst. f. Paläontologie
- Physikalische Chemie (Biophysik)
- Inst. f. Theoretische u. Strahlenchemie
- Inst. f. Geologische Wissenschaften (Bereich Petrologie)

Ebene 4 (2.OG)

- Inst. f. Paläontologie
- Inst. f. Geologische Wissenschaften (Bereich Petrologie)
- Inst. f. Geologische Wissenschaften (Bereich Geologie)

Ebene 3 (1.OG)

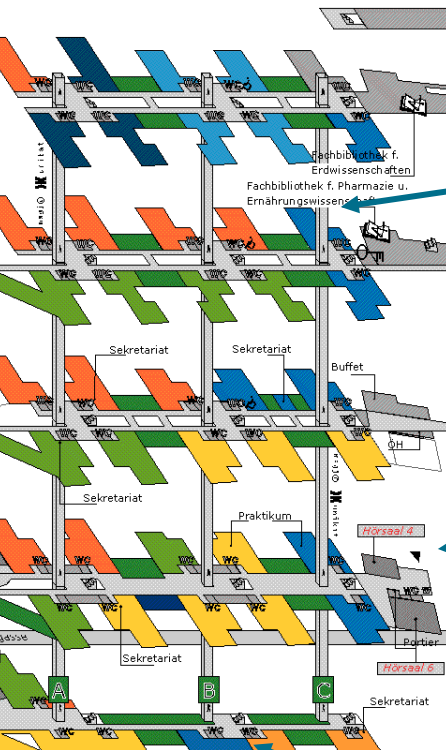

- Inst. f. Paläontologie
- Inst. f. Geologische Wissenschaften (Bereich Petrologie)
- Inst. f. Mineralogie u. Kristallogr.
- Inst. f. Geologische Wissenschaften (Bereich Geologie)

Ebene 2 (EG)

- Inst. f. Paläontologie
- Inst. f. Geologische Wissenschaften (Bereich Petrologie)
- Inst. f. Mineralogie u. Kristallogr.
- Inst. f. Geologische Wissenschaften (Bereich Geologie)
- Dekanat Formal- u. Naturwissensch. Expositur

Ebene 1 (UG)

- Inst. f. Geolog. Wissensch. (Bereich Geologie)
- Inst. f. Paläontologie
- Inst. f. Geologische Wissenschaften (Bereich Geochemie)
- Inst. f. Mineralog. u. Kristallographie
- Inst. f. Geologische Wissenschaften (Bereich Petrologie)
